IT'S HARD TO EXPRESS YOUR FEELINGS ABOUT A PERSON WHO'S NOT ONLY TEACHER BUT A FRIEND AS WELL AND IT'S ABOUT TO LEAVE his OCCUPATION AT THIS SCHOOL. YOU ALWAYS SEEM TO UNDERSTAND THE STUDENTS HERE AND PERSUADED ~~MANY~~ TO STAY COOL WHEN TIMES WERE UNEASY. YOU CLASSES ARE AT EASE AND FREELY EXPRESS THEIR FEELINGS IT TAKES A GREAT MAN ~~TO~~ AS THIS AND BELIEVE ME YOUR AT OF THE TOO OFTEN SHORT AND FAVORED PEOPLE.

THE DIALOGUE IS NOT ABOUT IDEAS OR REASONS ALONE

MR. B:

ALL I CAN SAY is that it SEEMS that ALL the good TEACHERS LEAVE AND ALL the BAD ONES STAY. If PEOPLE REALIZED how big A PART of LA SALLE YOU ARE they'D NEVER LET YOU GO. But I GUESS that YOU NEVER REALIZE what YOU HAVE until its GONE.

WELL it's BEEN GREAT, but ALL good things must END. I hope that YOU'RE AS VALUABLE to the KIDS AT YOUR NEXT SCHOOL AS YOU WERE to US, FOR YOU'LL always BE A PART of LA SALLE. THANKS for the two YEARS that YOU'VE given ME AND the 4 YOU'VE given LA SALLE. KEEP in touch,

The school we are
is the practice of the ideas
of many people . . .

It is an everchanging attempt
to understand and to use
the concepts of John de la Salle.

We are trying
to bring about a community
of learning; of self-expression
and understanding; of friendship
a community based on the beliefs:

that the individual must be free to
develop his own person and learn to accept
and understand others, however different from himself.

to do this he must be real to himself
and others. The enlightened man must develop
his own awareness of himself and the world
around him.

this involves choosing a path of selected
study in the free environment of the total
school . . . the school as a learning community
where the wisdom of experience is recognized
and where the energy of youth is let free to
reach its full potential.

This book
as ourselves
is a product of that philosophy:
out understanding of the modern La Salle.

It is the statement
of the people
whose beliefs and efforts
are this school.

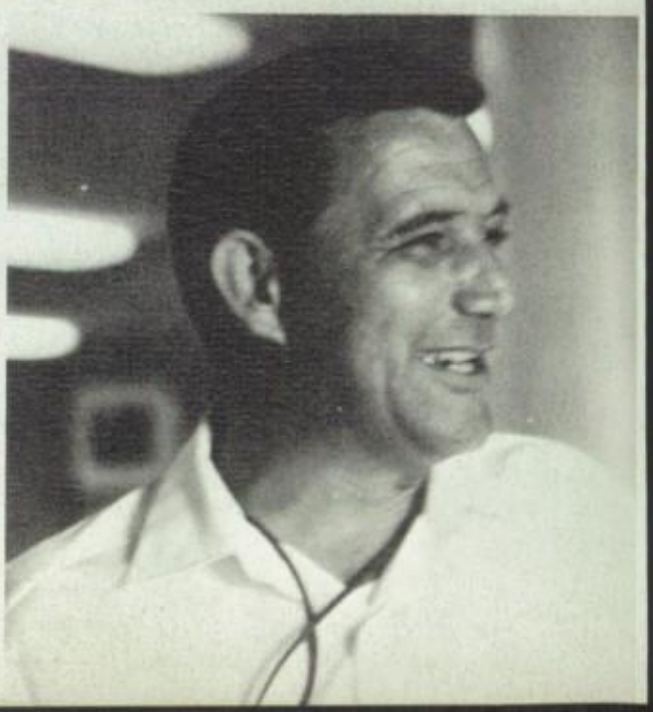
It is to these ideas
and to this time
to the people who live and teach it
that we dedicate this
and this yearbook . . .

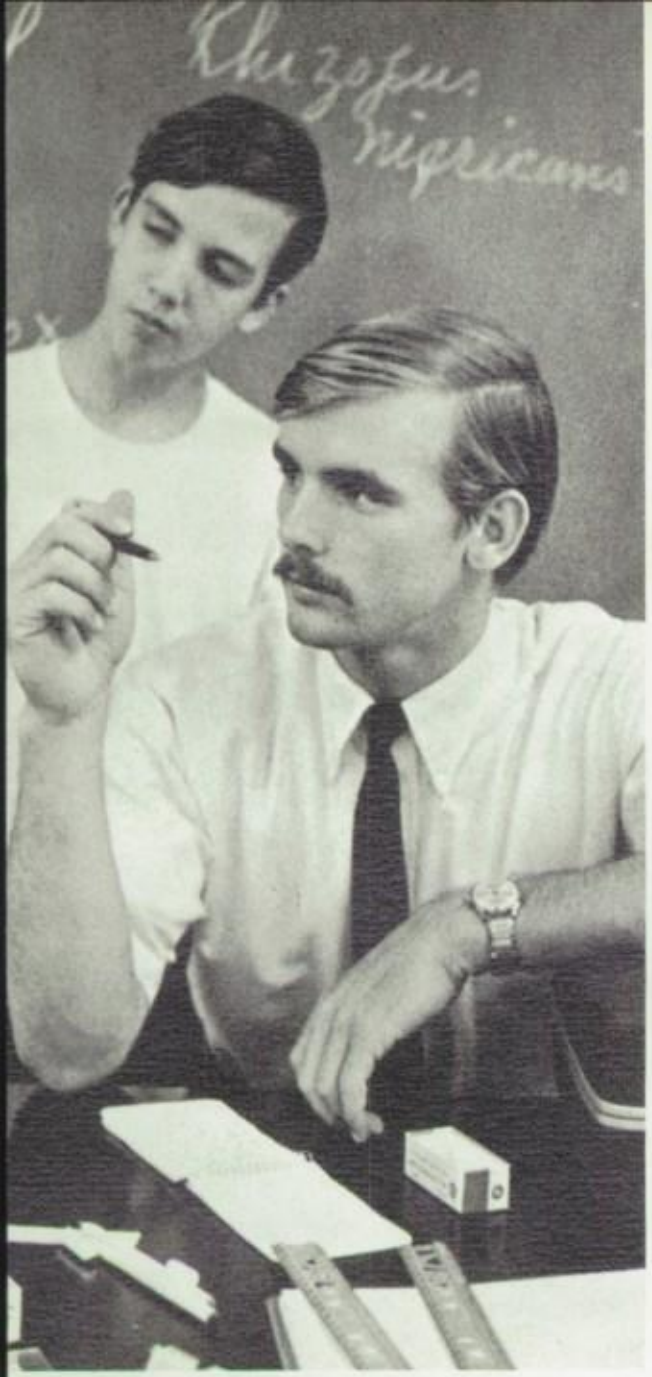
to the people.

teachers are guides
they can only say
: it's in that direction
and here is one way
my way

but we must find out
for ourselves
what "it" is

and then experience it.





JOE,
GOOD LUCK WITH YOUR NEW JOB(S). Maybe SOME DAY I'LL SEE YOU IN DISNEYLAND. IT WAS A GOOD ~~B~~YEAR ~~AND~~ YOU WERE A Great Guy. GOOD LUCK

LITTLE JOE'S

Joe,

Nowadays as you grow up and meet people, you consider a lot of people as your "friend." But then as you begin to look closer at it, a friend is really hard to find. Most people you meet are only an "aquaintance." A true friend is very hard to find. You, Joe, are probably a friend to more people than anybody in the world. Whenever somebody is in need of a person to talk to, they can always count on you to drop everything & help them. Since I came to La Salle, my whole concept of people & learning has changed. I've really enjoyed it here, & I hope we both adapt to our new

your good "friend"

It's too bad that you are leavin' the school but, actually I can't blame you. I'd love to get away from B.J. anyday. I'll have to find some other cool teacher to score cigarettes from. Wherever you decide to teach, it will probably be a cool school.

Mr Buchanan

Its been a great thing knowing you, I think you about the best PE coach anyone could ever have. Remember the good old speedball games in C period and whatever other class I happened to drop into by mistake. And Joe thanks for never telling my mom about the Broken "foot" I wasn't supposed to be playing PE on.

But more than all these things Mr. B I really enjoyed the F period ETHICS class you know it's Really to bad we couldn't solve the problems of the world in that one class." We Really used to have some good discussions in that class. Well I Really hate to see you go, but like everone you must seek a future of your own. Just do me one favor and never forget the good old guys back at Lasalle High, I know one thing well never forget you
